I absolutely share your annoyance when the game freezes in the last 30 seconds of the final round of a tournament, especially after you have called Uno. If it then shows the "our server has lost contact" message, you do get your tokens back (which you would anyway simply by making it to the final round in regular, time limited and companion tournaments), but boosts used don't get recredited, and you have lost the opportunity to gain a companion or additional tokens as the winner
