52 does flonase work for post  
nasal drip

Quizas no lo ven, pero lo dire, Nokia desde sus  
comienzo a hecho de sus telefono algo original  
en que pensar, sus diseos y calidad nos ha  
demostrado lo mucho que vale, eso se debe a  
que Nokia busca originalidad, que sus telefonos  
no sean otro mas del mercado, al hacer el  
cambio a Android seria la perdida de esa magia  
que buscan, digo buscan porque pierde  
popularidad por no ser lo que busca el  
consumidor que es a Android, hay va el tema si  
Nokia cambiase seria otro mas, como los son  
Lg, Samsung, htc, huawey y ahora las copias  
chinas de ellos, lo cual llevan Android, al hacer  
el cambio seria agregar a la lista a Nokia como  
dispositivos que tienen android no seria esa  
originalidad que mantenía antes de windows  
phone, de hecho esta discusion no estaria  
abierta y los comentarios no volarian solo seria  
otro mas de android ya que ahora quieren es un  
Android y no pesar cual telefono seria mejor  
compra, porque siempre que tenga Android esta  
a discusion de compra sino queda descartado  
directamente y se discute que seria mejor con  
Android.
