I know it's been quite some time...(and a long, painfully stressful road it's been.) I just noticed you have changed the Royal Canin food for Sosa? Did you notice any negative effects with the Royal Canin Gastro Intestinal Fiber Response or did you stop it a while back? Or have you noticed anything with this new Canin? I ask because my cat, who has been doing as well as he can on the HF29, is now getting sick...
