I don't understand how people like Martin have jobs in journalism. Michelle Obama never said: "her husband had for the first time in her life made her proud of her country." She said: "for the first time in my ADULT life I'm REALLY proud of my COUNTRY." She was not speaking about her husband, She was speaking about the American people overcoming racism and supporting her husband. Are there any editors or fact checkers at Politico that are connected to reality?
